The Society of Cosmetic Scientists also run various other events during the year and details of these are shown below:

The Introduction to Cosmetic Science Course is designed for people who don’t have academic qualifications in scientific subjects, such as chemistry but who are interested in the fundamentals of cosmetic science for either their work or as a consumer. For further information contact secretariat@scs.org.uk

The SCS Diploma in Cosmetic Science starts each October. The course is on-line. For further information contact secretariat@scs.org.uk or log onto the website www.cosmeticlearning.com

The Principles & Practice of Cosmetic Science Course is for scientists working in or allied to the cosmetics industry who want to move into supervisory or managerial roles. Log onto the website www.cosmeticlearning.com

Scrub Up On Science is an exciting practice chemistry for secondary students, linking UK curricula to the techniques and processes of the cosmetics industry. For further information contact secretariat@scs.org.uk

OTHER DATES FOR YOUR DIARY...
